Fly A Teacher Program

PARTICIPATE IN THIS EXCITING PROGRAM AND ENCOURAGE EDUCATORS TO CONNECT THEIR CLASSROOMS TO AEROSPACE EDUCATION

- Become the point of contact (POC) for your wing.
- Receive the materials and information needed to conduct a one day workshop for teachers.
- Coordinate with CAP pilots to conduct orientation flights for teachers.

This program is designed to unite the CAP member with the educator.

"Utah Wing has been working hard to recruit teachers into CAP. We find the teacher workshops and Fly-a-Teacher program to be very helpful. Sometimes we use only the workshop material supplied by NHQ CAP and other times we modify it. I am the POC for Utah Wing for workshops in all our squadrons. ....."

Dorothy Christensen, 1st Lt. CAP
Director of Aerospace Education
Utah Wing

Civil Air Patrol ~ Aerospace Education
FLY A TEACHER
Program

- Funding for the workshop (cost is minimal) can be applied for by seeking an AEF Grant.
- The Wing will be reimbursed for the teacher orientation flights up to $500 on a first come first served basis until funds are exhausted.
