**PART I
COVER SHEET**

CAP 6 SEMESTER 2 WEEK 13 & 14

COURSE: General Carl A. Spaatz Award Test Review

LESSON TITLE: Aerospace Education Review

LENGTH OF LESSON: 110 Minutes

METHOD: Discussion

REFERENCE(S): *AEROSPACE: The Journey of Flight*, 2000

AUDIO/VISUAL AIDS/HANDOUTS/ACTIVITY MATERIAL(S): None

COGNITIVE OBJECTIVE: N/A

COGNITIVE SAMPLES OF BEHAVIOR: N/A

AFFECTIVE OBJECTIVE: The objective of this lesson is for each cadet to review the aerospace education material in *AEROSPACE: The Journey of Flight* in preparation for the General Carl A. Spaatz Award Test.

AFFECTIVE SAMPLES OF BEHAVIOR:

1. The cadets will review aerospace education material learned in Phases I & II, which will enhance additional learning during the review.
2. This will enable the cadets to gain more confidence and participate in the test with a positive attitude.

PART II TEACHING PLAN

Introduction

ATTENTION: Today, you will review the aerospace education material that you studied in your Phases I & II of the cadet program.

MOTIVATION: What you have learned and practiced in your aerospace education instructing and mentoring skills will continue to help you to understand future aerospace education issues, and will enable you to pass the General Carl A. Spaatz Award Test.

OVERVIEW: During these two weeks, we will review chapters in the current aerospace education texts. We will begin with a brief discussion of the chapter material, and then we will discuss the review questions.

TRANSITION: The instructor will review the material in the current aerospace education material, beginning with an overview of the subject matter followed by a discussion of the review questions for each chapter. If the cadets have other questions relating to the material being discussed, encourage the cadets to ask the question at any time.

Body

NOTE: The instructor will use the review questions in the aerospace education material to aid in the discussion and review of the aerospace education material. Use the other material as needed to cover the required items.

Conclusion

SUMMARY: We have reviewed the material that you learned when you studied aerospace education during the Achievements.

REMOTIVATION: It is important that you take advantage of these reviews so you will pass the General Carl A. Spaatz Award Test with flying colors. Passing the General Carl A. Spaatz Award Test will make you a Cadet Colonel, the highest level in the Cadet Program.

CLOSURE: On Week 15, we will have the Wing Liaison Officer (or Liaison NCO) here to conduct the General Carl A. Spaatz Award test. I know you will do your very best. **Any questions? See you next week!**
